

Applications are invited for the position of

# Maintenance Electrician

***Attractive Salary & Benefits, based in Ripon***

Ripon Select Foods Ltd is an established, successful, family-owned business manufacturing dry food ingredients used in many leading branded products. We aim to offer job satisfaction and security. We are looking for a dynamic and highly motivated Electrician to join our dedicated maintenance team.

- The full-time role is 40 hours/week, working days Monday to Friday. It includes being part of a call-out rota to support the shift engineers. Some overtime may be required.
- The ideal applicant must possess a broad-based electrical knowledge and understanding of electrical systems, preferably with transferable engineering skills and fully qualified 18<sup>th</sup> Edition IEE Regs. The ability to work quickly, under pressure and to manage a varied work load is important.
- Key responsibilities include providing a hands on role resolving immediate problems ensuring continuity of production and limited waste, conducting routine maintenance tasks, preventative planned maintenance, and fault-finding on existing systems; installing, testing and commissioning new three-phase and single-phase systems; ensuring compliance with all statutory requirement including all Health and Safety issues; assessing materials and parts required for jobs and being able to work safely at all times unsupervised as well as part of a team.

Benefits include a competitive salary, contributory pension scheme, workwear, generous holiday allowance, free on-site parking, training.
